Cuaderno de trabajo impreso para el nivel Upper-Intermediate que proporciona la revisión de todos los puntos principales en el libro del alumno y además ejercicios de comprensión oral y pronunciación

First published in 1897, *The Invisible Man* is one of the first science fiction stories. The disturbing tale centers on Griffin, a scientist who has discovered the means to make himself invisible. His initial, almost comedic, adventures are soon overshadowed by the bizarre streak of terror he unleashes upon the inhabitants of a small village. Notable for its sheer invention, suspense, and psychological nuance, *The Invisible Man* had been filmed many times and continues to enthrall science-fiction fans today as it did the reading public nearly 100 years ago.

When his mother-in-law died suddenly and his seriously ill father-in-law was left with no one to care for him, the author and his wife were thrust into the complex and overwhelming world of long-term care. Just months later his own father fell sick, and the couple struggled to help care for him too—from 1000 miles away. Over the next year-and-a-half, this ordinary family faced one crisis after another, as each day brought new struggle and pain, but also surprising rewards. They were among the 44 million Americans who are caring for elderly parents or relatives or friends with disabilities. Someone you love will almost certainly need long-term care services before they die. Nearly 70 percent of our parents will receive such help sometime during their old age—usually at home, though often in a nursing home. It will last for an average of three years, though one in five will need this assistance for five years or more. This book tells the sometimes painful, sometimes uplifting, and always compelling stories of the families who struggle every day with the care needs of their loved ones. The costs are crushing: and the weight of 77 million aging Baby Boomers will devastate our nation's already fragile system for funding this critical day-to-day assistance. How can we repair the tattered safety net that is so essential to our aged and disabled?

Chronicles the history of the Mighty Mites high school football team from their turn-of-the-twentieth-century origins within a Freemason orphan-and-widow home, to their dominant status in the 1930s and 1940s, to their prestigious state-champion competitions, in an account that also cites the pivotal contributions of team leader Rusty Russell. Reprint. 40,000 first printing.

A new legend begins in *The Never King*, a thrilling fantasy adventure by James Abbott. Xavir Argentum is rotting in gaol. Sentenced to life in the squalor of Hell's Keep, punishment for an atrocity he didn't commit, the once legendary commander is all but forgotten. His elite band of warriors are dead – and the kingdom he was poised to inherit is oppressed by the tyrant who framed him. For half a decade now, Xavir has ruled nothing but a prison gang. Yet vengeance comes to those who wait. When a former spymaster infiltrates the Keep, bearing

news of his old enemy ' s treachery, plans are forged. A few are compelled to restore peace – an exiled queen, an outcast witch, and an unlikely alliance of rogues and heroes. But peace and vengeance make poor companions. And first, Xavir must make his escape . . .

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE STARRING MICHAEL B. JORDAN AND JAMIE FOXX • A powerful true story about the potential for mercy to redeem us, and a clarion call to fix our broken system of justice—from one of the most brilliant and influential lawyers of our time. “ [Bryan Stevenson ' s] dedication to fighting for justice and equality has inspired me and many others and made a lasting impact on our country. ” —John Legend NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • Named One of the Best Books of the Year by The New York Times • The Washington Post • The Boston Globe • The Seattle Times • Esquire • Time Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn ' t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinkmanship—and transformed his understanding of mercy and justice forever. Just Mercy is at once an unforgettable account of an idealistic, gifted young lawyer ' s coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. Winner of the Carnegie Medal for Excellence in Nonfiction • Winner of the NAACP Image Award for Nonfiction • Winner of a Books for a Better Life Award • Finalist for the Los Angeles Times Book Prize • Finalist for the Kirkus Reviews Prize • An American Library Association Notable Book “ Every bit as moving as To Kill a Mockingbird, and in some ways more so . . . a searing indictment of American criminal justice and a stirring testament to the salvation that fighting for the vulnerable sometimes yields. ” —David Cole, The New York Review of Books “ Searing, moving . . . Bryan Stevenson may, indeed, be America ' s Mandela. ” —Nicholas Kristof, The New York Times “ You don ' t have to read too long to start cheering for this man. . . . The message of this book . . . is that evil can be overcome, a difference can be made. Just Mercy will make you upset and it will make you hopeful. ” —Ted Conover, The New York Times Book Review “ Inspiring . . . a work of style, substance and clarity . . . Stevenson is not only a great lawyer, he ' s also a gifted writer and storyteller. ” —The Washington Post “ As deeply moving, poignant and powerful a book as has been, and maybe ever can be, written about the death penalty. ” —The Financial Times “ Brilliant. ” —The Philadelphia Inquirer

NEW YORK TIMES BEST SELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: NPR, The New York Times Book Review, Time, Wall Street Journal, Washington Post • The McKinsey Business Book of the Year The full inside story of the breathtaking rise and shocking collapse of Theranos, the one-time multibillion-dollar biotech startup founded by Elizabeth Holmes—now the subject of the HBO documentary The Inventor—by the prize-winning journalist who first broke the story and pursued it to the end. “ The story is even crazier than I expected, and I found myself unable to put it down once I started. This book has everything: elaborate scams, corporate intrigue, magazine cover stories, ruined family relationships, and the demise of a company once valued at nearly \$10 billion. ” —Bill Gates In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the female Steve Jobs: a brilliant Stanford dropout whose startup “ unicorn ” promised to revolutionize the medical industry with a machine that would make blood testing significantly faster and easier. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes ' s worth at an estimated \$4.7 billion. There was just one problem: The technology didn ' t work. A riveting story of the biggest corporate fraud since Enron, a tale of ambition and hubris set amid the bold promises of Silicon Valley.
