US public companies will have to follow International Financial Reporting Standards as of January 1, 2011. Weygandt ' s Financial Accounting: IFRS introduces challenging accounting concepts with examples that are familiar to the student while incorporating the new global accounting standards. Following the reputation for accuracy, comprehensiveness, and currency, Weygandt guides students through financial accounting and the period of transition for IFRS readiness. The text prepares student for the requirements they will follow in the coming years.

Explores computer-intensive probability and statistics for ecosystem management decision making Simulation is an

accessible way to explain probability and stochastic model behavior to beginners.

This book introduces probability and statistics to future and practicing ecosystem managers by providing a comprehensive treatment of these two areas. The author presents a self-contained introduction for individuals involved in monitoring, assessing, and managing ecosystems and features intuitive, simulation-based explanations of probabilistic and statistical concepts. Mathematical programming details are provided for estimating ecosystem model parameters with Minimum Distance, a robust and computer-intensive method. The majority of examples illustrate how probability and statistics can be applied to ecosystem management challenges. There are over 50 exercises - making this book suitable for a lecture course in a natural resource and/or wildlife management

Managerial Accounting, 4th edition gives
students the tools they need to succeed,
whether as accountants or in other career
paths. With a framework in decision-
making, Weygandt 4/e covers all the
necessary techniques and concepts for a
one semester, undergraduate managerial
accounting course. Many students in this
course are not accounting majors and will
need to understand the big picture of
