A must-have for any art buff, this definitive who’s who of Impressionism gathers 10 monographs from the Basic Art series for the price of three. Precise texts and impeccable reproductions guide us through the life and works of Cézanne, Degas, Gauguin, Manet, Monet, Renoir, Rousseau, Seurat, Toulouse-Lautrec, and van Gogh.

Keith Haring spent little more than a decade in the spotlight, but in his singular blend of street art, graffiti, a Pop sensibility, and cartoon elements, he created stalwarts of modern pop culture as much as vivid social and political statements. From his first subway drawings through to his Pop Shop in SoHo, this concise introduction explores...

Looks at the life, career, and works of the American artist.

The bare minimum Often regarded as a backlash against abstract expressionism, Minimalism was characterized by simplified, stripped-down forms and materials used to express ideas in a direct and impersonal manner. By presenting artworks as simple objects, minimalist artists sought to communicate esthetic ideals without reference to expressive or historical themes. This critical movement, which began in the 1960s and branched out into land art, performance art, and conceptual art, is still a major influence today. This book explains the how, why, where and when of Minimal Art, and the artists who helped define it. Featured artists: Carl Andre, Stephen Antonakos, Jo Baer, Larry Bell, Ronald Bladen, Walter De Maria, Dan Flavin, Robert Grosvenor, Eva Hesse, Donald Judd, Gary Kuehn, Sol LeWitt, Robert Mangold, John McCracken, Robert Morris, Robert Ryman, Fred Sandback, Richard Serra, Tony Smith, Frank Stella, Robert Smithson, Anne Truitt About the Series: Each book in TASCHEN’s Basic Genre Series features: a detailed illustrated introduction plus a timeline of the most important political, cultural and social events that took place during that period a selection of the most important works of the epoch, each of which is presented on a 2-page spread with a full-page image and with an interpretation of the respective work, plus a portrait and brief biography of the artist approximately 100 colour illustrations with explanatory captions

This volume presents Dutch painter Piet Mondrian (1872-1944). His earliest landscapes are rendered in an Impressionistic style but possess the marked vertical and horizontal tendencies that foreshadow his mature paintings. Mondrian’s work began to show the influences of Cubism, and in 1912, the artist moved to Paris where he continued to refine his style, continually exploring increasingly sophisticated compositions. In his paintings, Mondrian strove to achieve a universal form of expression by reducing form and color to their simplest components. The artist termed his work “Neo-Plasticism”. Mondrian’s most well-known works consisted of white ground, upon which was painted a grid of vertical and horizontal black lines and the three primary colors.

Originating in England in the mid 1950s, Pop Art developed its full potential in the USA in the 1960s. It substitutes the everyday for the splendid; mass-produced articles are assigned the same importance as one-offs; the difference between high culture and popular culture is swept away. Media and advertising are among the preferred contents of Pop Art, which celebrates the consumer society in its own witty fashion. The enthusiasm generated by Pop Art since the first works were exhibited has never died down -- it is greater today than ever before. Book jacket.

This introductory volume shows the best of Francis Bacon’s work.

Introduction and explanation of each print by the artist.

In the late 50s and 60s, American painter Roy Lichtenstein (1923-1997) became one of the most important exponents of Pop Art. Almost alone among artists, he pursued the question of how an image becomes a work of art.
