Popular machine quilter Angela Walters will motivate you to try something new! Learn to stitch her fresh continuous-line designs on your longarm or domestic machine. Includes step-by-step instructions for continuous-line swirls, circles, squares, vines, arcs, and points. Using basic free-motion skills you already have, discover how to approach quilting a modern quilt by working with bold fabrics and negative space, uniting a variety of shapes, and blending designs. Draw inspiration from striking pictures of 20 modern quilts showing Angela's designs. You'll love her practical advice for choosing the perfect pattern to give your modern quilt maximum impact.

Machine-quilting pro Lori Kennedy has taught hundreds of quilters how to start and, more importantly, how to improve their machine quilting. Now she's packed her vast knowledge, and more than 150 up-close photos, into 25 hands-on lessons you can turn to anytime you need guidance. Each lesson has a practice session and questions to help you evaluate what worked and where you may need a bit more practice. Whether you stitch your way through a lesson a day or save them for weekend quilting time, you'll soon be building skills and confidence, and quilting your projects with ease. You'll learn: Why it's important to start doodling (page 19) How to prevent drag or resistance when quilting a big quilt (page 44) When to mark, and ways to avoid marking pitfalls (page 72) How to create focal points and contrast with your quilting (page 116)

Join Mimi Dietrich on a creative journey into Baltimore album quilting! Rely on the teaching expertise of this best-selling author and acclaimed applique artist as you create your first beautiful Baltimore block. Learn techniques such as choosing fabrics, preparing applique pieces, basting, and hand-applique stitch methods Showcase finished album blocks in a small wall hanging Find additional fabric, color, and design ideas in the inspiring gallery

More Weekend Sewing will ensure that you never run out of quick-to-make designs. Each pattern can be made in a weekend, with some only taking an afternoon to make. The patterns are perfect for last-minute gifts.

A complete guide to the Federal rules of evidence.

Deixis as a field of research has generated increased interest in recent years. It is crucial for a number of different subdisciplines: pragmatics, semantics, cognitive and contrastive linguistics, to name just a few. The subject is of particular interest to experts and students, philosophers, teachers, philologists, and psychologists interested in the study of their language or in comparing linguistic structures. The different deictic structures - not only the items themselves, but also the oppositions between them - reflect the fact that neither the notions of space, time, person nor our use of them are identical cross-culturally. This diversity is not restricted to the difference between languages, but also appears among related dialects and language varieties. This volume will provide an overview of the field, focusing on Romance languages, but also reaching beyond this perspective. Chapters on diachronic developments (language change), comparisons with other (non-)European languages, and on interfaces with neighboring fields of interest are also included. The editors and authors hope that readers, regardless of their familiarity with Romance languages, will gain new insights into deixis in general, and into the similarities and differences among deictic structures used in the languages of the world.

From the author of the celebrated classic Louder Than Hell comes an oral history of the badass Heavy Metal lifestyle—the debauchery, demolition, and headbanging dedication—featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song “You Can’t Kill Rock and Roll” Ozzy Osbourne sings, “Rock and roll is my religion and my law.” This is the mantra of the metal legends who populate Raising Hell—artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It’s also the guiding principle for underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora’s box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle finger to a society that had already decided they didn’t belong. Whether they were oddballs who didn’t fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild shenanigans from metal’s heaviest and most iconic acts—the parties, the tours, the mosh pits, the rage, the joy, the sex, the drugs . . . the heavy metal life! Horns up!
