In an effort to increase the reliability of Bombardier's rotatable and warranty inventory for our customers, Bombardier requires a complete and thorough MRA form. Failure to provide a complete MRA including a detailed reason for removal can result in an administrative fee and/or vendor testing fees. Examples of unacceptable reasons for removal: inop, failed, broken, does not work, leaking, etc ...

If you're an aviator or aviation enthusiast, you cannot be caught with an out-of-date edition of the FAR/AIM. In today's environment, there is no excuse for ignorance of the rules of the US airspace system. In the newest edition of the FAR/AIM, all regulations, procedures, and illustrations are brought up to date to reflect current FAA data. This handy reference book is an indispensable resource for members of the aviation community, as well as for aspiring pilots looking to get a solid background in the rules, requirements, and procedures of flight training. Not only does this manual present all the current FAA regulations, it also includes:
• A study guide for specific pilot training certifications and ratings
• A pilot/controller glossary
• Standard instrument procedures
• Parachute operations
• Airworthiness standards for products and parts
• The NASA Aviation Safety reporting form
• Important FAA contact information This is the most complete guide to the rules of aviation available anywhere. Don't take off without the FAR/AIM!

All the Information you Need to Operate Safely in US Airspace, Fully Updated If you're an aviator or aviation enthusiast, you cannot be caught with an out-of-date edition of the FAR/AIM.
