Customers are afraid that they will be talked into making a mistake; salespeople dread being unable to close the deal and make their quotas. No one is happy. Mahan Khalsa and Randy Illig offer a better way. Salespeople, they argue, do best when they focus 100 percent on helping clients succeed. When customers are successful, both buyer and seller win. When they aren't, both lose. It's no longer sufficient to get clients to buy; a salesperson must also help the client reduce costs, increase revenues, and improve productivity, quality, and customer satisfaction. This book shares the unique FranklinCovey Sales Performance Group methodology that will help readers:

- Start new business from scratch in a way both salespeople and clients can feel good about
- Ask hard questions in a soft way
- Close the deal by opening minds

Search engines and social media have certainly changed how prospecting pipelines for salespeople are built today, but the vitality of the pipeline itself has not. Even today, the key to success for every salesperson is his pipeline of prospects. Top producers are still prospecting. All. The. Time. However, buyers have evolved, therefore your prospecting needs to as well. In *High-Profit Prospecting*, sales expert Mark Hunter shatters costly prospecting myths and eliminates confusion about what works today. Merging new strategies with proven practices that unfortunately many have given up (much to their demise), this must-have resource for salespeople in every industry will help you:

- Find better leads and qualify them quickly
- Trade cold calling for informed calling
- Tailor your timing and message
- Leave a great voicemail and craft a compelling email
- Use social media effectively
- Leverage referrals
- Get past gatekeepers and open new doors
- And more

For the salesperson, prospecting is still king. Take back control of your pipeline for success!

Authored by Hall-of-Fame-nominated marketer and Wall Street Journal cartoonist Stu Heinecke, this book reveals methods he's developed to get those crucial conversations after years of experience, and from studying the secrets of others who've had similar breakthrough results. --

Ditch the failed sales tactics, fill your pipeline, and crush your number. *Fanatical Prospecting* gives salespeople, sales leaders, entrepreneurs, and executives a practical, eye-opening guide that clearly explains the why and how behind the most important activity in sales and business development—prospecting.
