You are placed in the midst of the revolution. The observations are from someone very sympathetic to the Bolsheviks - whether this is a net plus or minus to the information is hard to know. Certainly it helped him gather information, but then what he reported was probably also affected not always in the best ways.

Price was one of the few Englishmen to witness all phases of the Revolution. His remarkable writings provide a first-hand account of the momentous events, and include his meetings with Lenin and the Bolshevik leaders.

These are selected dispatches by the journalist Harold Williams published in the Manchester Guardian from late 1904 to the convening of the first Duma in April 1906. Williams provides a lengthy and vivid description of the events of this revolution. His analysis in many ways anticipates the interpretation of recent historians of this event.

HAROLD WILLIAMS, New Zealand born and German educated in linguistics became one of the principal journalists for developments in Russia from 1905 to 1920. He reported for the [London] TIMES, the MANCHESTER GUARDIAN and other British newspapers as well as the NEW YORK TIMES. Covered in this book are his dispatches to the NEWYORK TIMES from 1917 to 1920. A fierce critic of the Bolshevik movement, he became the principal journalistic advocate for western intervention into Russia. His dispatches are quite descriptive of events and personalities as well as being quite emotional. In addition to his news reports he published many articles, several books and gave lectures on Russian affairs. After his return to England from South Russia in 1920 and until his death in 1928 he served as Foreign Editor for the [London] TIMES.

Arthur Ransome, British author and journalist was a reporter in Russia during the Revolution and Civil War. His knowledge of Russian and his friendship for Trotsky's secretary (his future

wife) gave him unique access to the Bolshevik leadership and the Russian people. His reports to the [London] Daily News and The Manchester Guardian covered the period from 1915 on. From January through August 1918, his dispatches were carried by the New York Times. Encouraged to address the American people and President Wilson directly, he wrote Letter To America urging Americans to recognize and support the Bolshevik government.

ARTHUR RANSOME, British author and journalist was a reporter in Russia during the Revolution and Civil War. His knowledge of Russian and his friendship with Trotsky's secretary (his future wife) gave him unique access to the Bolshevik leadership and the Russian people. His reports to the [London] Daily News and the Manchester Guardian covered the period from 1915 on. From January through August 1918 his dispatches were carried by the New York Times. Encouraged to address the American people and President Wilson directly, he wrote Letter to America urging America to recognize the Bolshevik government, to not intervene into Russia and to provide economic and technological aid to the Russian people. His articles in the New York Times ceased shortly after the United States militarily intervened in the summer of 1918.

This is the first volume of the dispatches Arthur Ransome wrote from Russia between 1917-1924. It covers the year 1917. The main topics are the February Revolution, the government formed after it, the Kerensky government and its problems, and the growing popularity of the Bolsheviks.

Part diary, part journalistic dispatches this volume, originally published in 1918 is a short history of the Caucasus campaign and connects the events that were taking place in the Middle East with the past history of Central Asia. Witnessing the effects of the Russian Revolution on the Asiatic provinces, the author reveals the real state of Asiatic Russia, in the months preceding the Russian Revolution and shows how the Russian reaction was in part responsible for the disastrous state of affairs in Armenia and was contributing with the Turkish Government to bring that country to the verge of ruin.

A narrative and pictorial portrait of the political and artistic upheaval that changed the course of Russian history and culture during the first three decades of the century
