Scheduled Maintenance - A F Ohab

The EMD 645 is a family of diesel engines that was designed and manufactured by the Electro-Motive Division of General Motors.While the 645 series was intended primarily for locomotive, marine and stationary engine use, one 16-cylinder version powered the 33-19 "Titan" prototype haul truck designed by GM's Terex division.. The 645 series was an evolution of the earlier 567 series and a ...
