Eric Serritella's "Sassy Birch Teapot" packs multiple surprises into one single illusory ceramic form. Realistic-looking weathered wood and bark is deceptively carved from clay with animated branches evoking human-like personality in a sculpture cleverly disguising a functional teapot.

Eric Serritella | Honoring The Future

Serritella describes his new work for the exhibition Walking With Softer Steps at Jason Jacques Gallery , as an evolution towards the quieter side of trees and form: "In my early works there was often an overabundance of branches and thus competing lines within the form. In simplest terms, the sculptures were often 'busy'. While they fit the context of the pieces at the time, my ...

Eric Serritella: Walking with Softer Steps by Jason Jacques Gallery Press (Jul 10, 2013) Look Again! Appealing Bulletin Board Ideas for Secondary Students [Paperback] [2002] (Author) Judy Serritella by Judy Serritella (Jan 16, 2002)

Virtuose glasurer på monumentale keramiske værker - så kort kan man sammenfatte den nye bog Horror Vacui om den internationalt anerkendte keramiker Morten Løbner Espersen og hans banebrydende udstilling på Trapholt. Hvor Espersen tidligere har bevæget sig inden for stramme geometriske former ser vi her ekspresivt skulpturelle former i et markant iciterende modspil til de sitrende dramatiske glasurer. Denne engelsksprogede bog er en visuel manifestation med en bærende billedside, indledes med kort introduktion af Karen Grøn, tekst af Bjørn Springfeldt og afsluttes med et efterskrift af Morten Løbner Espersen, der på fornem måde byder læseren indenfor i de tanker og visioner som ligger til grund for hans stadigt overraskende og mangeløst smukke keramiske univers.0Exhibition: Trapholt, Kolding, Denmark (09.05. - 07.10.2012).

Fleeing home from his military service in Afghanistan when his wife dies in an apparent freak household accident, Dr. Mike Scanlon struggles with the tragedy, his inability to bond with his new baby daughter and a downsizing in his medical practice only to discover a shocking secret that changes his understanding of everything. By the Edgar Award-winning author of Come Home. 300,000 first printing.

For nearly a century British potters have invigorated traditional ceramic forms by developing or reinventing techniques, materials, and means of display. Things of Beauty Growing explores major typologies of the vessel—such as bowl, vase, and charger—that have defined studio ceramics since the early 20th century. It places British studio pottery within the context of objects from Europe, Japan, and Korea and presents essays by an international team of scholars and experts. The book highlights the objects themselves, including new works by Adam Buick, Halima Cassell, and Nao Matsunago, featured alongside works by William Staite Murray, Lucie Rie, Edmund de Waal, and others, many published here for the first time. Rounding out the beautifully illustrated volume is an interview with renowned collector John Driscoll and approximately fifty illustrated short biographies of significant makers.

This special volume collects contributions from leading scholars who scrutinize the challenges digital finance presents for the EU internal market and financial market regulation from multiple public policy perspectives. Author contributions aim to

"Clement Massier: Master of Iridescence" accompanied the most important exhibition of Clement Massier iridescent ceramic masterpieces ever assembled. The exhibition, held at the Jason Jacques Gallery, comprised of over 80 Clement Massier, Lucien Levy-Dhurmer, Delphin Massier, Jean Barol, Jerome Massier fils, Jacques Sicard, Dominique Zumbo, and Montieres pottery vessels.

Youth courts, also known as teen courts & peer courts, are one of the fastest growing programs in the community justice movement. This Guide will equip juvenile justice agencies with baseline info. that will aid them in developing, implementing, & enhancing teen courts programs. Chapters: overview; organizing the community; legal issues; developing a program purpose, goals, & objectives; determining a target population & designing a referral process; designing program services; developing a program model & procedures; recruiting, using, & training volunteers; examining human & financial resource issues; & program evaluation.

David and the dragons are back in the sixth installment in the New York Times bestselling Last Dragon Chronicles! After destroying a trace of dark fire, David, Zanna, and the Pennykettle dragons vanished. In a brand-new world, Co.per.ni.ca, which runs parallel to that of Crescent Lane, firebirds roam the ancient librarium, a museum for books. But when 12-year-old David and Rosanna accidentally injure one of the firebirds, they are suddenly thrust into a remarkable adventure. The evil Ix have taken over one of the firebirds, turning it to the side of darkness, but the birds have a secret: They know about the existence of dragons. And from across the universe, one may come to their aid... Don't miss Chris d'Lacey's addition to his rich dragon mythology in his next series, The Erth Dragons!
