"The best book to have been written about the Vietnam War" (The New York Times Book Review); an instant classic straight from the front lines. From its terrifying opening pages to its final eloquent words, Dispatches makes us see, in unforgettable and unflinching detail, the chaos and fervor of the war and the surreal insanity of life in that singular combat zone. Michael Herr's unsparing, unorthodox retellings of the day-to-day events in Vietnam take on the force of poetry, rendering clarity from one of the most incomprehensible and nightmarish events of our time. Dispatches is among the most blistering and compassionate accounts of war in our literature.

Exposing the social and political landscape of homelessness in Fresno, Dispatches from the War Zone offers the reader a rare opportunity to understand this issue from the perspective of the homeless, their allies and an investigative journalist who closely followed this story for more than 10 years. What at first appeared to be builders and developers working with Fresno City Hall and the police to move the homeless to more remote areas of town turns into something else entirely. We find government corruption, a class action lawsuit against the city for its unconstitutional attacks against the homeless and the suspicious death of Pamela Kincaid, the lead plaintiff in the legal action. Originally, it was the federal government's de-funding of affordable housing in the early 1980s that led to today's homeless crisis. The book examines those structural reasons for homelessness but also looks at what grassroots groups in Fresno, working on alternatives, have accomplished. Although the end to homelessness has been elusive for those groups doing business as usual, the paradigm shifts this book suggests give new hope that a better world is possible. There is a pathway to ending homelessness and treating all people with the dignity and respect they deserve.

A documentation of the day-to-day realities of the war in Vietnam experienced by men on patrol, under siege at Khe Sanh, strapped into helicopters, and faced with continuing nightmares after their return to the United States.

New York Times Bestseller Edited and with an introduction by Roxane Gay, the New York Times bestselling and deeply beloved author of Bad Feminist and Hunger, this anthology of first-person essays tackles rape, assault, and harassment head-on. Vogue, "10 of the Most Anticipated Books of Spring 2018" * Harper's Bazaar, "10 New Books to Add to Your Reading List in 2018" * Elle, "21 Books We're Most Excited to Read in 2018" * Boston Globe, "25 books we can't wait to read in 2018" * Huffington Post, "60 Books We Can't Wait to Read in 2018" * Hello Giggles, "19 Books We Can't Wait to Read in 2018" * Buzzfeed, "33 Most Exciting New Books of 2018" In this valuable and revealing anthology, cultural critic and bestselling author Roxane Gay collects original and previously published pieces that address what it means to live in a world where women have to measure the harassment, violence, and aggression they face, and where they are "routinely second-guessed, blown off, discredited, denigrated, besmirched, belittled, patronized, mocked, shamed, gaslit, insulted, bullied" for speaking out. Contributions include essays from established and up-and-coming writers, performers, and critics, including actors Ally Sheedy and Gabrielle Union and writers Amy Jo Burns, Lyz Lenz, Claire Schwartz, and Bob Shacochis. Covering a wide range of topics and experiences, from an exploration of the rape epidemic embedded in the refugee crisis to first-person accounts of child molestation, this collection is often deeply personal and is always unflinchingly honest. Like Rebecca Solnit's Men Explain Things to Me, Not That Bad will resonate with every reader, saying "something in totality that we cannot say alone." Searing and heartbreakingly candid, this provocative collection both reflects the world we live in and offers a call to arms insisting that "not that bad" must no longer be good enough.

Although his career continued for almost three decades after the 1939 publication of The Grapes of Wrath, John Steinbeck is still most closely associated with his Depression-era works of social struggle. But from Pearl Harbor on, he often wrote passionate accounts of America's wars based on his own firsthand experience. Vietnam was no exception. Thomas E. Barden's Steinbeck in Vietnam offers for the first time a complete collection of the dispatches Steinbeck wrote as a war correspondent for Newsday. Rejected by the military because of his reputation as a subversive, and reticent to document the war officially for the Johnson administration, Steinbeck saw in Newsday a unique opportunity to put his skills to use. Between December 1966 and May 1967, the sixty-four-year-old Steinbeck toured the major combat areas of South Vietnam and traveled to the north of Thailand and into Laos, documenting his experiences in a series of columns titled Letters to Alicia, in reference to Newsday publisher Harry F. Guggenheim's deceased wife. His columns were controversial, coming at a time when opposition to the conflict was growing and even ardent supporters were beginning to question its course. As he dared to go into the field, rode in helicopter gunships, and even fired artillery pieces, many detractors called him a warmonger and worse. Readers today might be surprised that the celebrated author would risk his literary reputation to document such a divisive war, particularly at the end of his career. Drawing on four primary-source archives—the Steinbeck collection at Princeton, the Papers of Harry F. Guggenheim at the Library of Congress, the Pierpont Morgan Library's Steinbeck holdings, and the archives of Newsday—Barden's collection brings together the last published writings of this American author of enduring national and international stature. In addition to offering a definitive edition of these essays, Barden includes extensive notes as well as an introduction that provides background on the essays themselves, the military situation, the social context of the 1960s, and Steinbeck's personal and political attitudes at the time.
