This is a reissue of the ninth edition of the world's longest-established and best-selling pocket English dictionary. It is one of the new generation Oxford dictionaries derived from the database of the highly-acclaimed New Oxford Dictionary of English and is particularly user friendly with its elegant open design, with different elements starting on new lines. It offers excellent coverage of English as an international language, the defining style is straightforward and non-technical, and thousands of examples illustrate idiomatic usage. All irregular noun, verb, and adjectival inflections are spelled out in full, while guidance on grammar and good usage is provided by in-text notes. Additional features include Wordbuilder boxes giving information on related words and thematic tables on subjects such as countries, chemical elements, and nationalities. This title replaces ISBN: 0-19-861334-2.

Offers definitions for English words and phrases, along with observations about the evolution of the dictionary since its first edition and tables that contain information for such topics as countries and chemical elements.
