“A damn good read.”—Alan Furst A brilliant debut novel, at once teasing literary thriller and a darkly comic blend of history and invention, *The Torqued Man* is set in wartime Berlin and propelled by two very different but equally mesmerizing voices: a German spy handler and his Irish secret agent, neither of whom are quite what they seem. Berlin—September, 1945. Two manuscripts are found in rubble, each one narrating conflicting versions of the life of an Irish spy during the war. One of them is the journal of a German military intelligence officer and an anti-Nazi cowed into silence named Adrian de Groot, charting his relationship with his agent, friend, and sometimes lover, an Irishman named Frank Pike. In De Groot's narrative, Pike is a charismatic IRA fighter sprung from prison in Spain to assist with the planned German invasion of Britain, but who never gets the chance to consummate his deal with the devil. Meanwhile, the other manuscript gives a very different account of the Irishman's doings in the Reich. Assuming the alter ego of the Celtic hero Finn McCool, Pike appears here as the ultimate Allied saboteur. His mission: an assassination campaign of high-ranking Nazi doctors, culminating in the killing of Hitler's personal physician. The two manuscripts spiral around each other, leaving only the reader to know the full truth of Pike and De Groot's relationship, their ultimate loyalties, and their efforts to resist the fascist reality in which they are caught.

Josh and Maddy must go on a quest to find out how to fix the Veil of Magic, and protect and strengthen the magical world's inhabitants for all time.

Eye Spy is a 106,000-word paranormal thriller about a psychic agoraphobe, the bodies he visits, the sister who saves him, and the people they protect. CJ lives in fear. Fear of the outdoors. As a spy hidden beyond others' eyes, he has foiled robberies and solved murders with the support of his sister Steph. Now, they must save a kidnapped teenager from a cult leader who believes the teen is destined to bear his child. But when CJ's mobile mind is noticed by other psychics, CJ and Steph's attempted rescue becomes a struggle for survival. *Eye Spy* is a *Sojourning Souls* story. Describes the story of the man who was entrusted with all of the details of John Brown's plans to capture the Harper's Ferry armory in 1859 and how he was hunted down for a \$1,000 bounty and tried as a spy.

As seen and experienced by one inquisitive young girl, the many sights and sounds of a ferryboat ride are captured as she travels with her family to her summer home on the island. Reprint.
