Introduction to the Practice of Statistics (IPS) shows students how to produce and interpret data from real-world contexts—doing the same type of data gathering and analysis that working statisticians in all kinds of businesses and institutions do every day. With this phenomenally successful approach originally developed by David Moore and George McCabe, statistics is more than just a collection of techniques and formulas. Instead, students develop a systematic way of thinking about data, with a focus on problem-solving that helps them understand statistical

Practice Of English. This book serves to introduce this important body of work to the Anglo-American world. In a cross-disciplinary collaboration Richard Harker, Cheleen Mahar and Chris Wilkes provide the reader with the necessary tools to understand this complex and rewarding body of French sociology. Post modernist sociology has already been influenced by the French theorist Foucault; it is likely that the generation to come will be reading Bourdieu.

Introduction to Social Work Practice orients the students to the role of the professional social worker. The first chapter delineates the differences between being a good friend and being a good clinician in terms of social/emotional factors, professionalism, and self-disclosure. The second chapter covers techniques for building a trusting working environment that is conducive to processing sensitive issues along with an overview of key therapeutic communication skills. The remaining five chapters detail an easy-to-remember five-step problem-solving model to guide the clinical process: 1.

Assessment, 2. Goal, 3. Objectives, 4. Activation, 5. Termination. Key features include: - role-play exercises - brief essay and response questions to build and test key communication skills - discussion points - glossary of terms - diagrams and charts that graphically represent the flow of the helping process. The workbook presumes no prior clinical experience and uses no technical psychological jargon. It teaches fundamental communication skills while emphasizing key social work values, ethics, and issues of multicultural populations and diversity throughout.
