"Jazz Improvisation for Keyboard Players" is just what I needed! As a professional cellist, and as a pianist of relatively modest skills, I have been looking for something that already assumes I know the basics of music theory. I don't need all of the chords spelled out in every key, nor do I have the time to read a 500-page tome.

**Jazz Improvisation for Keyboard Players: Complete Edition**...

Using 'blues scales' is common in many jazz piano solos. The blues scale has many forms but the most common involves flattening the 3 rd, 5 th and 7 th notes of a major scale. These 'blue' notes give a jazzy feel to almost any improvisation but care must be taken not to overuse them or they lose their effect.
