Seventeen-year-old Alex Jackson comes home from school to find that his father, a CBC news cameraman, wants to take him to China's capital, Beijing. Once there, Alex finds himself on his own in Tian An Men Square as desperate students fight the Chinese army for their freedom. Separated from his father and carrying illegal videotapes, Alex must trust the students to help him escape. Closely based on eyewitness accounts of the massacre in Beijing, Forbidden City is a powerful and frightening story.

"This book skillfully navigates the shoals of place and space to explain the intricacies of globalization. For those interested in the changing geography of global capitalism, Peck and Yeung is a "must read" - James H Mittelman, American University Remaking the Global Economy offers a state -of-the-art survey of geographical perspectives on the restructuring and reorganization of the global economy. With contributions from leading figures in the globalization debate, the book explores the latest thinking and research, as well as the enduring controversies, across a range of interrelated issues, including: - firm strategies and business knowledge - interactions between firms and nation states - production and innovation systems - transnationalism and labour markets - state restructuring. Each of the specially commissioned chapters presents interdisciplinary insights into the complex processes of economic globalization and their impact on the organization of firms, markets, industries, regions, and institutions. An integrated and comprehensive account, this is a r ésum é of the latest work in the literature on globalization that will provide a detailed map of the geography of the global economy.
