The book in its entirety introduces students to a broad spectrum of material traditionally covered in a first-year property course and constructs a foundation for upper-level courses like trusts and estates, real estate finance, mortgages, land-use planning and zoning, secured transactions, and others. The 7th edition features new cases in almost every chapter and expanded discussions involving the financing of property transactions, servitudes, and Fifth Amendment takings. It also includes refreshed charts and tables. The notes and comments have been appropriately updated to include recent trends, cases, and novel issues.
