A practical, easy-to-follow guide to diagnosing and treating teenage adolescent substance abusers. Packed with ideas, suggestions, and strategies, Ross details eight fundamental elements that make a treatment program successful. He presents a sound rationale for conceptualizing the problem of chemical dependency, includes an easy-to-follow framework for addressing it, and lists specifically defined goals and objectives for confronting the addiction. Fifteen treatment strategies for enhancing awareness, one full chapter that outlines a model treatment program that's ready to implement, nineteen questions for critiquing a group session, a set of 42 criteria for addressing the outcome of a program, suggestions for conducting a comprehensive evaluation with eight possible scenarios that could result from the evaluation, and ideas for helping parents respond emotionally and behaviorally to the situation. Clinical Psychologists , Social Workers and other professionals working with teenage substance abusers. A Longwood Professional Book.

Discusses governmental responsibilities and individual liberties, ethical problems of moral judgement, and legal considerations in defining and suppressing obscene material.

Encouragement and Wisdom on Fathering Boys No one can prepare a son for life better than his father. Dads are role models and this book encourages fathers to grow into the kind of men they want their sons to become. Practical topics include preparing boys for work, marriage, sexuality, friendships, and their relationships with God. The author researches and speaks on family issues, and is also a dad himself. Originally published as How a Man Prepares His Sons for Life. Updated by the author.

Negotiating is something that we all do, whether at work or at home. But what if we come across someone who just won't give in? How can we defend ourselves against manipulation? And how do we say 'no' without compromising a deal? Legend has it that the Kremlin school of negotiation was born in Russia in the 1920s, under the rule of Joseph Stalin, and it still has its followers and advocates to this day. Using the official Kremlin method and years of business experience, Igor Ryzov guides us through the most effective techniques in negotiating terms that satisfy both parties. From knowing how to get the most information about a potential deal, to how to read your counterpart, and advice on defusing tension, this comprehensive handbook ensures a mutually acceptable resolution that leaves you walking away successful. With practical examples, and exercises to hone your negotiating skills, The Kremlin School of Negotiation will offer the tools you need to master any deal.

Recent Publications in the Social and Behavioral Sciences presents a guide to books, articles, some government reports, and a few pamphlets and unbound items about the theory; methodology; the principal areas of investigation and areas of investigation of potential reward; and about the role of the social sciences in contemporary society. The book provides a list of cited periodicals, bibliography, and title and subject indices. The text also covers a bibliography of special issues of The American Behavioral Scientist. The book will be useful to behavioral scientists, psychologists, and psychiatrists.

Merle Jordan argues that many people spend their adult lives struggling to distinguish between the imperatives of divine authority and the deeply rooted psychological authority of family structures. Employing the wisdom of his experience as a pastoral psychologist as well as the insights of clinical researchers and therapists, Jordan offers ways to demythologize false absolutes and to refocus distorted maps of reality.

The author advocates a closer identification between the local congregation and the universal church. He works through the realities of church life and denominational organizations before challenging church leaders to redefine ecclesiology.
