I just got myself a new Sony W9 tv (wonderful tv btw) and I can play all my files over DLNA. However, there is one file the TV thinks it can't play, where it says "Unsupported content". However, the movie plays fine, the audio works and even subtitles work. So what's the problem? I can't get the message to go away, it keeps being visible under the entire playback of the movie. it's clearly ...
