How to Be a Street Hypnotist

The Deep Trance Training Manual Volume I is the book for everyone exploring deep trance phenomena. Building upon the reader's existing practical ability and basic knowledge, this systematic training approach holds the keys to inducing deep trance states quickly and easily. This work presents practical exercises designed to improve technique and core theoretical principles from all the major hypnotic perspectives, supporting the development of elegant, individual style and language, and mastery of powerful approaches for dealing with others. Chapters include: - Principles in formulating suggestions - The language of deep trance (the Milton Model made easy) - Rapport and personal power - Calibration - Deepening techniques - Rapid inductions (including three different handshake inductions) - Trance termination - Language patterns (including a vital section on creating a natural flow of language).

Anybody can learn to become a hypnotherapist, even if you have little or no experience. This book will teach you how to hypnotise anybody, how to deepen the state of hypnosis. What to do when you have your subject hypnotised - i.e. how to help them resolve their problems (whether, quitting smoking, losing weight, curing a phobia, fixing insomnia, gaining confidence... the list goes on)

and how to wake them up at the end of the session. Whether you are recently trained, new to hypnotherapy or have no idea at all about hypnotherapy and would like to learn about it, the Beginner's Guide to Hypnotherapy is the perfect tool for you to get a grasp of the basics principles of hypnotherapy, methods used in real hypnotherapy sessions and the reasons why we do these things. A lot of "Hypnotherapists" read from scripts and have no idea why they are saying what they are saying... A GOOD Hypnotherapist does not do this. To become a GOOD Hypnotherapist takes an equal measure of skill, knowledge, positive intention and a great deal of practice. One size does not fit all with Hypnotherapy, and as a GOOD Hypnotherapist, it is up to you to provide a "tailor-made" solution for your future-clients. The Hypnotherapy methods and techniques set out in this Book will give you a solid foundation upon which to build your own Hypnotherapy scripts and sessions.

The book is for a beginner who wants to present a hypnosis show. In the book, you will learn a set of very simple techniques to learn and implement that will let you master the art of hypnosis, on the street as well as in a stage show. Some of the points that you'll find in this book are: -What happens at the cerebral level during hypnosis. -Why some people are more easily influenced than others and what to do to increase someone's suggestibility level. -The role that emotions play during hypnosis. -What the most important quality of a hypnotist is. -You'll understand the powerful connection that exists between imagination, suggestion, and hypnosis. -Learn to utilize the Protocol of Suggestion: This is the three-step system that guarantees you success in hypnotizing the greatest number of people in your street hypnosis sessions and also in a stage show. -You'll obtain a foolproof practice method: For the first time you'll have a system that will permit you to practice in full confidence, eliminating from your mind the annoying question: And what if nobody is hypnotized? -Stage hypnosis: obtain the step-by-step guide to structuring successful hypnosis show that you can present in any theater. -Learn key information about what to do in case one of your participants doesn't want to leave the trance or has a negative reaction when they do.
