N.B. This review includes both "Yes, Minister" and "Yes, Prime Minister". As an avid fan of the "Yes, Minister" and "Yes, Prime Minister" TV series, I was somewhat hesitant when it came to reading these books. I thought it was not possible for the books be as entertaining, complex and well-paced as was the series.

Based on the humorous British television series, a cabinet minister recounts his difficulties in working with government bureaucracy

Yes, Minister, and the equally successful sequel Yes, Prime Minister captured a niche in the political consciousness of the nation. First broadcast thirty years ago, the original writers of these classic series have reunited to create a bang up to date Yes, Prime Minister for the stage. Spin, blackberries, sexed-up dossiers, sleaze, global warming and a country on the brink of financial meltdown form the backdrop to mayhem at Chequers as the Foreign Minister of Kumranistan makes a seriously compromising offer of salvation. Prime Minister Jim Hacker remains in power with his coterie of close advisors including Cabinet Secretary Sir Humphrey Appleby and Principal Private Secretary Bernard Woolley, but for how long? They govern a whole new world. Yes, Prime Minister premiered in the Festival Theatre, Chichester, in May 2010.

The behind-the-scenes story of one of the most successful and admired sitcoms of the 1980s In 1977 the BBC commissioned a new satirical sitcom set in Whitehall. Production of its first series was stalled, however, by the death throes of Jim Callaghan's Labour government and the 'Winter of Discontent'; Auntie being unwilling to broadcast such an overtly political comedy until after the general election of 1979. That Yes Minister should have been delayed by the very events that helped bring Margaret Thatcher to power is, perhaps, fitting. Over three series from 1980 - and two more as Yes, Prime Minister until 1988 - the show mercilessly lampooned the vanity, self-interest and incompetence of our so-called public servants, making its hapless minister Jim Hacker and his scheming Permanent Secretary Sir Humphrey two of the most memorable characters British comedy has ever produced. The new prime minister professed it her favourite television programme - a 'textbook' on the State in inaction - and millions of British viewers agreed. In the years since Yes Minister has become a national treasure: Sir Humphrey's slippery circumlocutions have entered the lexicon, regularly quoted by political commentators, and the series' cynical vision of government seems as credible now as it did thirty years ago. Much of this success can be credited to its writers, Antony Jay and Jonathan Lynn, who drew on their contacts in Westminster to rework genuine political folly as situation comedy. Storylines that seemed absurd to the public were often rooted in actual events - so much so that they occasionally attracted the scrutiny of Whitehall mandarins. In A Very Courageous Decision acclaimed entertainment historian Graham McCann goes in search of the real political fiascos that inspired Yes Minister. Drawing on fresh interviews with cast, crew, politicians and admirers, he reveals how a subversive satire captured the mood of its time to become one of the most cherished sitcoms of Thatcher's Britain.

Jonathan Lynn's credits include creating and co-writing the long-running comedy series Yes, Minister and Yes, Prime Minister, as well as hit films Clue, My Cousin Vinny, Nuns on the Run and The Whole Nine Yards. With experience as a comedy actor, writer and director, here Jonathan Lynn shares valuable and hilarious lessons in all aspects of creating great comedy, all illustrated with brilliantly insightful and revealing anecdotes about his work and the legendary actors, writers and comedians he's worked alongside.

whole new world. 'Yes, Prime Minister' premiered in the Festival Theatre, Chichester, in May 2010.

The UK is in crisis: debt is spiralling, unemployment is on the rise and the fragile coalition cabinet, led by Prime Minister Jim Hacker, is at breaking point. But salvation may exist in the form of a complex pipeline deal with the oil-rich country of Kumranistan that would entitle the government to a multi-trillion pound loan. When the Kumranistan Foreign Secretary makes a shocking request of Jim's Private Secretary Bernard Woolley, moral considerations collide with the economic future of the nation. But how will Jim and his team: Bernard, Cabinet Secretary Sir Humphrey Appleby, and Special Adviser Claire Sutton, reconcile the two? Political machinations, media manipulation and an appeal for divine intervention ensue.
