In his memoir, *The Unlikely Disciple: A Sinner's Semester at America's Holiest University* (2009), American author and journalist Kevin Roose, an Ivy League student raised in a secular, liberal environment, chose to go "undercover" at Liberty University in Lynchburg, Virginia, the Christian private college run by the controversial far-right evangelical, Jerry Falwell.

The Unlikely Disciple Summary | SuperSummary

The Unlikely Disciple: A Sinner's Semester at America's Holiest University by Kevin Roose. 8 of 10: The Unlikely Disciple, about a non-religious student's semester at a religious university, easily kept me reading, but I couldn't quite fall in love with it for a variety of reasons. I tend to be interested in books with unusual or unlikely premises, so this one, about Kevin Roose, a Brown student who decided to transfer to Liberty for one semester, was immediately intriguing to me.

Excerpt: The Unlikely Disciple : NPR

Amazingly Jesus asks sinners to serve him. After the resurrection, Jesus appeared to the 11 and commissioned them to be his evangelizers: "Go into the whole world and proclaim the gospel to every living creature" (Mark 16:15). Jesus calls the unworthy and makes them worthy, he sends forth the weak and makes them strong.

No drinking. No smoking. No cursing. No dancing. No R-rated movies. Kevin Roose wasn't used to rules like these. As a sophomore at Brown University, he spent his days drinking fair-trade coffee, singing in an a cappella group, and fitting right in with Brown's free-spirited, ultra-liberal student body. But when Roose leaves his Ivy League confines to spend a semester at Liberty University, a conservative Baptist school in Lynchburg, Virginia, obedience is no longer optional. Liberty is the late Reverend Jerry Falwell's "Bible Boot Camp" for young evangelicals, his training ground for the next generation of America's Religious Right. Liberty's ten thousand undergraduates take courses like Evangelism 101, hear from guest speakers like Sean Hannity and Karl Rove, and follow a forty-six-page code of conduct that regulates every aspect of their social lives. Hoping to connect with his evangelical peers, Roose decides to enroll at Liberty as a new transfer student, leaping across the God Divide and chronicling his adventures in this daring report from the front lines of America's culture war. His journey takes him from an evangelical hip-hop concert to choir practice at Falwell's legendary Thomas Road Baptist Church. He experiments with prayer, participates in a spring break mission trip to Daytona Beach (where he learns to preach the gospel to partying coeds), and pays a visit to Every Man's Battle, an on-campus support group for chronic masturbators. He meets pastors' kids, closet doubters, Christian rebels, and conducts what would be the last print interview of Rev. Falwell's life. Hilarious and heartwarming, respectful and thought-provoking, THE UNLIKELY DISCIPLE will inspire and entertain believers and nonbelievers alike.

From a popular pastor and radio host—Three Free Sins teaches that the only people who make any progress toward being better are those who know that God will still love them, regardless of how good they are. This book is about the misguided obsession with the management of sin that cripples too many Christians. It's about the view that religion is all about sin...about how to hide side sin or how to stop sinning all together. In the Introduction, the author toys good-naturedly with an agitated caller on his radio program, teasing him in a segment where he offers three free sins. The offer is real. Not that Steve has the power to forgive sins, but he wants to make the point that Jesus has made the offer to cover all of our sins – not just three. Chapter one, titled "Teaching Frogs to Fly," is even better. The gist of this chapter is that you can't teach frogs to fly, just like you can't teach people not to sin. Steve tells a story about a guy who has a frog, and he's convinced he

can teach the frog how to fly. The man keeps throwing the frog up in the air or up against walls – all to the poor frog's demise. The message is that even though people can be better, they can never not sin—just like a frog can never learn to fly, no matter how much pressure is put on it. Steve continues through the book to show readers that while they can never manage sin, they can relax in knowing that they are completely forgiven—not just of three, but of all.

Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. One of the greatest explorations of sin, epiphany and redemption ever written, the Confessions of Saint Augustine continue to shape our ideas with their passionate declaration of the life-changing power of faith.

This is a book about sinners, for sinners, by quite a big sinner. You may not like it. You may even hate it, as some are sure to do. You may dislike the theme, for, though it introduces lovely people, it comes to grips with an unlovely subject. And solves its riddle. You may dislike the characters as they are limned in print, but not in real life. As they are all living, you may encounter them yourself someday, and discover their excellence. At least one will live on as an historic figure when this generation has merged with the ages. Perhaps many. Meanwhile, none can disprove the contents of this book or avoid its challenge. The story is true; the challenge is to you.

Sinners and Shrouds, first published in 1955 as an Inner Sanctum Mystery, is a fast-paced, action-packed novel by master crime-writer Jonathan Latimer (1906-1983). The story centers on newspaper reporter Sam Clay, who becomes his own story when he wakes up next to a corpse and with no memory of the woman's identity and of what took place the previous night. Clay knows that he is being framed for the murder but has to prove this—both to himself and to the police. Reporter Sam Clay had awakened in a strange room with a hangover and a blonde. The hangover was ugly and the blonde was dead! After a fast check Sam realized that he was the fall guy in a first-class frame-up. Then he heard the maid coming into the apartment. So he picked up a half-filled bottle of brandy and slipped into the closet. Sam didn't make a practice of knocking women unconscious with bottles. But this was an emergency. When the maid turned her back... bang! He let her have it. As she sank to the floor with a moan, Sam wondered just how long he could stay one jump ahead of the cops!

A thought-provoking retelling of the Gospel story from an atheist perspective. Upon its hardcover publication, renowned author Philip Pullman's *The Good Man Jesus and the Scoundrel Christ* provoked heated debates and stirred a frenzy of controversy throughout the clerical and literary worlds alike with its bold retelling of the life of Jesus Christ. In this remarkable piece of fiction, famously atheistic author Philip Pullman challenges the events of the Gospels and puts forward his own compelling and plausible version of the life of Jesus. Written with unstinting authority, *The Good Man Jesus and the*

Scoundrel Christ is a pithy, erudite, subtle, and powerful book by a beloved author, a text to be read and reread, studied and unpacked, much like the Good Book itself. "The erudite fantasy author, Philip Pullman, makes explicit his complaint against Christian dogma with [this] challenging deconstruction of the Gospels." —Entertainment Weekly "Inspiring . . . Again and again, [Pullman] displays a marvelous sense of the elemental power of Jesus's instructions and parables." —The Washington Post

An undercover exploration of the world of evangelicals, offering an extraordinary behind-the-scenes look at the faithful Ever since evangelical Christians rose to national prominence, mainstream America has tracked their every move with a nervous eye. But in spite of this vigilance, our understanding hasn't gone beyond the caricatures. Who are evangelicals, really? What are they like in private, and what do they want? Is it possible that beneath the differences in culture and language, church and party, we might share with them some common purpose? To find out, Gina Welch, a young secular Jew from Berkeley, joined Jerry Falwell's Thomas Road Baptist Church. Over the course of nearly two years, Welch immersed herself in the life and language of the devout: she learned to interpret the world like an evangelical, weathered the death of Falwell, and embarked on a mission trip to Alaska intended to save one hundred souls. Alive to the meaning behind the music and the mind behind the slogans, Welch recognized the allure of evangelicalism, even for the godless, realizing that the congregation met needs and answered questions she didn't know she had. What emerges is a riveting account of a skeptic's transformation from uninformed cynicism to compassionate understanding, and a rare view of how evangelicals see themselves. Revealing their generosity and hopefulness, as well as their prejudice and exceptionalism, *In the Land of Believers* is a call for comprehending, rather than dismissing, the impassioned believers who have become so central a force in American life.

Memorable (and sometimes shocking) sermons from the most influential Puritans of the 16th to 18th centuries. Includes works by Jonathan Edwards, Thomas Shepard, Cotton Mather, John Winthrop, Jonathan Mayhew, and 5 other religious leaders.

A whimsical travel narrative by the author of *The Naked Olympics* builds on a premise that sex has always been the unspoken inspiration for travel, retracing the route of the "Grand Tour" through Europe traditionally enjoyed by the upper class to reveal its more salacious attractions. Original.

A Publishers Weekly Best Nonfiction Book of 2013 A Kirkus Reviews Best Book of 2013 An Edgar Award for Best Fact Crime Nominee An explosive, sweeping account of the scandal that has sent the Catholic Church into a tailspin -- and the brave few who fought for justice In the mid-1980s a dynamic young Monsignor assigned to the Vatican's embassy in Washington set out to investigate the problem of sexually abusive priests. He found a scandal in the making, confirmed by secret files revealing complaints that had been hidden from police and covered up by the Church hierarchy. He also understood that

the United States judicial system was eager to punish offenders and those who aided them. He presented all of this to the American bishops, warning that the Church could be devastated by negative publicity and bankrupted by its legal liability. They ignored him. Meanwhile, a young lawyer listened to a new client describe an abusive sexual history with a priest that began when he was ten years old. His parents' complaints were downplayed by Church officials who offered them money to go away. The lawyer saw a claim that any defendant would want to settle. Then he began to suspect he was onto something bigger, involving thousands of priests who had abused countless children while the Church had done almost nothing about it. The lawsuit he filed would touch off a legal war of historic and global proportions. Part history, part journalism, and part true-crime thriller, Michael D'Antonio's *Mortal Sins* brings to mind landmark books such as *All the President's Men*, *And the Band Played On*, and *The Informant*, as it reveals a long and ferocious battle for the soul of the largest and oldest organization in the world.
