<div>From the New York Times bestselling author, an acclaimed biography of President Teddy Roosevelt Lauded as "a rip-roaring life" (Wall Street Journal), TR is a magisterial biography of Theodore Roosevelt by bestselling author H.W. Brands. In his time, there was no more popular national figure than Roosevelt. It was not just the energy he brought to every political office he held or his unshakable moral convictions that made him so popular, or even his status as a bonafide war hero. Most important, Theodore Roosevelt was loved by the people because this scion of a privileged New York family loved America and Americans. And yet, according to Brands, if we look at the private Roosevelt without blinders, we see a man whose great public strengths hid enormous personal deficiencies; he was uncompromising, self-involved, and a highly imperfect brother, husband, and father. Beautifully written, and powerfully moved by its subject, TR is the classic biography of one of America's greatest and most complex leaders.</div>

<div>Making use of newfound letters from Theodore Roosevelt's adult sons, a biography of the twenty-sixth president reveals how his larger-than-life persona masked feelings of inadequacy</div>
<div>A biography of Franklin Delano Roosevelt examines his political leadership in a dark time of Depression and war, his championship of the poor, his revolutionary New Deal legislation, and his legacy for the future.</div>

<div>The epic story of how one man shaped events, people, and himself to forever change a country. President Theodore Roosevelt forever transformed America, ushering the country into the arena of world supremacy. His brand of leadership is entirely American: confident, compassionate, energetic, diverse, visionary. But Roosevelt was not a born leader; his ascent to the apex of power was not a foregone conclusion. He made himself a leader of consequence and it is his epic journey to the White House—a road filled with terrific failures, intimate introspection, and self-made luck—will inspire readers anew. While a graduate student at Harvard, author Jon Knokey, a Roosevelt historian and business leader, unearthed hundreds of unpublished letters and interview notes from Roosevelt contemporaries. These long-forgotten documents provide a fresh and stunning ringside seat along the 26th President’s journey to 1600 Pennsylvania Avenue. The stories from Harvard chaps, idealistic political reformers, coarse cowboys from the Badlands, and rough and tumble Rough Riders from the nation’s interior, all combine to illuminate the maturation process of a man learning to lead at every stage of his life. Fast paced and written as a biographical narrative, Theodore Roosevelt and the Making of American Leadership places the reader alongside a young Theodore Roosevelt as he learns what he stands for and how he will lead. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.</div>
<div>From master storyteller and New York Times bestselling Historian H. W. Brands comes the definitive biography of a visionary and transformative president In his magisterial new biography, H. W. Brands brilliantly establishes Ronald Reagan as one of the two great presidents of the twentieth century, a true peer to Franklin Roosevelt. Reagan conveys with sweep and vigor how the confident force of Reagan's personality and the unwavering nature of his beliefs enabled him to engineer a conservative revolution in American politics and play a crucial role in ending communism in the Soviet Union. Reagan shut down the age of liberalism, Brands shows, and ushered in the age of Reagan, whose defining principles are still powerfully felt today. Employing archival sources not available to previous biographers and drawing on dozens of interviews with surviving members of Reagan’s administration, Brands has crafted a richly detailed and fascinating narrative of the presidential years. He offers new insights into Reagan's remote management style and fractious West Wing staff, his deft handling of public sentiment to transform the tax code, and his deeply misunderstood relationship with Soviet leader Mikhail Gorbachev, on which nothing less than the fate of the world turned. Reagan is a storytelling triumph, an irresistible portrait of an underestimated politician whose pragmatic leadership and steadfast vision transformed the nation.</div>

<div>NEW YORK TIMES BESTSELLER • “A shining portrait of a presciently modern political genius maneuvering in a gilded age of wealth, optimism, excess and American global ascension.”—San Francisco Chronicle WINNER OF THE LOS ANGELES TIMES BOOK PRIZE FOR BIOGRAPHY • “[Theodore Rex] is one of the great histories of the American presidency, worthy of being on a shelf alongside Henry Adams’s volumes on Jefferson and Madison.”—Times Literary Supplement Theodore Rex is the story—never fully told before—of Theodore Roosevelt’s two world-changing terms as President of the United States. A hundred years before the catastrophe of September 11, 2001, “TR” succeeded to power in the aftermath of an act of terrorism. Youngest of all our chief executives, he rallied a stricken nation with his superhuman energy, charm, and political skills. He proceeded to combat the problems of race and labor relations and trust control while making the Panama Canal possible and winning the Nobel Peace Prize. But his most historic achievement remains his creation of a national conservation policy, and his monument millions of acres of protected parks and forest. Theodore Rex ends with TR leaving office, still only fifty years old, his future reputation secure as one of our greatest presidents.</div>
<div>A masterful, concise biography of Theodore Roosevelt, America's first modern president New York State Assemblyman, Assistant Secretary of the Navy, Governor of New York, Vice President and, at forty-two, the youngest President ever--in his own words, Theodore Roosevelt "rose like a rocket." In Lion in the White House, historian Aida Donald masterfully chronicles Roosevelt's life and his presidency. TR's accomplishments in office were immense. Believing that the emerging aristocracy of wealth represented a genuine threat to democracy, TR broke trusts to curb the rapacity of big business. He built the Panama Canal and engaged the country in world affairs. And he won the Nobel Peace Prize-the first sitting president ever so honored.</div>

Throughout his public career, TR fought valiantly to steer the GOP back to its noblest ideals as embodied by Abraham Lincoln. Alas, his hopes for his party were quashed by the GOP's strong rightward turn in the years after he left office. But his vision for America lives on. In lapidary prose, this concise biography recounts the courageous life of one of the greatest leaders our nation has ever known.

PULITZER PRIZE FINALIST • Benjamin Franklin, perhaps the pivotal figure in colonial and revolutionary America, comes vividly to life in this “thorough biography of ... America’s first Renaissance man” (The Washington Post). “The authoritative Franklin biography for our time.” —Joseph J. Ellis, author of the Pulitzer Prize-winning *Founding Brothers* Wit, diplomat, scientist, philosopher, businessman, inventor, and bon vivant, Benjamin Franklin's "life is one every American should know well, and it has not been told better than by Mr. Brands" (The Dallas Morning News). From penniless runaway to highly successful printer, from ardently loyal subject of Britain to architect of an alliance with France that ensured America’s independence, Franklin went from obscurity to become one of the world’s most admired figures, whose circle included the likes of Voltaire, Hume, Burke, and Kant. Drawing on previously unpublished letters and a host of other sources, acclaimed historian H. W. Brands has written a thoroughly engaging biography of the eighteenth-century genius. A much needed reminder of Franklin's greatness and humanity, *The First American* is a work of meticulous scholarship that provides a magnificent tour of a legendary historical figure, a vital era in American life, and the countless arenas in which the protean Franklin left his legacy.
