Work out your Common Core by reading VM5 Articles of the Week. The articles were developed using strategies originally created by Kelly Gallagher. They have been modified to meet the needs of Vale Middle School students using both the Oregon Department of Education reading sample guidelines and Common Core State Standards. The content of these articles is constantly evolving to best meet the ...

Find out how to incorporate digital tools into your English language arts class to improve students' reading, writing, listening, and speaking skills. Authors Jeremy Hylar and Troy Hicks show you that technology is not just about making a lesson engaging; it's about helping students become effective creators and consumers of information in today's fast-paced world. You'll learn how to use mobile technologies to teach narrative, informational, and argument writing as well as visual literacy and multimodal research. Each chapter is filled with exciting lesson plans and tech tool suggestions that you can take back to your own classroom immediately. See Jeremy Hylar's TEDx! https://www.youtube.com/watch?v=WHtXJlvSSAA

Drawing expertise and ideas from research, as well as teachers from across the country, Every Reader, a Close Reader serves as both an instructional guide and professional development tool for classroom teachers and instructional leaders to use when starting or strengthening close reading at the classroom level.

Recognizing the importance that modeling plays in the learning process, high school English teacher Kelly Gallagher shares how he gets his students to stand next to and pay close attention to model writers, and how doing so elevates his students' writing abilities. --from publisher description.

Argues that the decline in reading by children in the United States is furthered by schools by focusing on test-taking and focusing solely on academic texts with guidance for educators on how to coneract this trend.

"Why should I read?" Can your students answer that question? Do they have trouble seeing the importance that reading may have in their lives? Are they lacking motivation, both in academic and recreational reading? Do you think you can effectively teach reading strategies if students don't understand the benefits of literacy? In Reading Reasons, Kelly Gallagher offers a series of mini-lessons specifically tailored to motivate middle and high school students to read, and in doing so, to help them understand the importance and relevance reading will take in their lives. This book introduces and explains in detail nine specific "real-world" reasons why students should be readers. The book contains forty practical, classroom-tested and reproducible mini-lessons that get to the heart of reading motivation and that can be used immediately in English (as well as other content-area) classrooms. These easy-to-use motivational lessons serve as weekly reading "boostershots" that help maintain reading enthusiasm in your classroom from September through June. The mini-lessons, ranging from five to twenty minutes in length, hit home with adolescents, and in turn, enable them to internalize the importance reading will play in their lives. Rather than telling students reading is good for them, the lessons in this book show them the benefits of reading.

What is in the best interest of our students? Is it teaching to the newest standards movement, like the Common Core? Teaching that prepares students to take a test? Or is it something more meaningful and authentic? In his new book, in the Best Interest of Students, Kelly Gallagher notes that there are real strengths in the Common Core standards, and there are significant weaknesses as well. He takes the long view, reminding us that standards come and go but what remains constant is the need to stay true to what we know works in the teaching of reading, writing, speaking and listening. Instead of blindly adhering to the latest standards movement, Kelly advocates: - Dialing up the amount of reading and writing students are doing. - Balancing rigorous, high-quality literature and non-fiction with high-interest, student-selected titles. - Giving students much more choice when it comes to reading and writing activities. - Encouraging readers to deepen their comprehension by moving beyond the "four corners of the text." - Using modeling to enrich students' writing skills in the prewriting, drafting, and revision stages. - Helping young writers to achieve more authenticity through the blending of genres. - Resisting the de-emphasis of narrative and imaginative reading and writing. - Providing students with more opportunities to sharpen their listening and speaking skills - Planning lessons that move beyond Common Core expectations. In this provocative and insightful new book, Kelly surveys the teaching landscape since the publication of his highly regarded book Readicide, and finds that although some progress has been made, more needs to be done. Amid the frenzy of trying to teach to a new set of standards, Kelly Gallagher is a strong voice of reason, reminding us that instruction should be anchored around one guiding question: What is in the best interest of our students?

A new page-turning mystery about science, faith, love and belonging, set in a friendly desert community where ghosts, angels, aliens, and government conspiracies are commonplace parts of everyday life. Welcome to Night Vale... "Brilliant, hilarious, and wondrously strange. I'm packing up and moving to Night Vale! -Ransom Riggs, #1 New York Times Bestselling Author of Miss Peregrine's Home for Peculiar Children. From the authors of the New York Times bestselling novel Welcome to Night Vale and the creators of the #1 international podcast of the same name, comes a mystery exploring the intersections of faith and science, the growing relationship between two young people who want desperately to trust each other, and the terrifying, toothy power of the Smiling God. Nilanjana Sikdar is an outsider to the town of Night Vale. Working for Carlos, the town's top scientist, she relies on fact and logic as her guiding principles. But all of that is put into question when Carlos gives her a special assignment investigating a mysterious rumbling in the desert wasteland outside of town. This investigation leads her to the Joyous Congregation of the Smiling God, and to Darryl, one of its most committed members. Caught between her beliefs in the ultimate power of science and her growing attraction to Darryl, she begins to suspect the Congregation is planning a ritual that could threaten the lives of everyone in town. Nilanjana and Darryl must search for common ground between their very different world views as they are faced with the Congregation's darkest and most terrible secret.

Super Bowl champion and literacy crusader Malcolm Mitchell presents the story of a magician who reveals an awe-inspiring treasure from his bag of tricks -- books that make every kid's dream come true! This is not your typical afternoon at the library -- a magician invites kids to reach into his hat to pull out whatever they find when they dig down deep. Soon -- poof! -- each child comes away with something better than they could've imagined -- a book that helps them become whatever they want to be, and makes their dreams come true through pages and words, and the adventures that follow. But each child can't help but wonder, What's really making the magic happen? "Malcolm Mitchell is changing the world through the power of reading." -- Dav Pilkey, bestselling creator of the Dog Man and Captain Underpants series "The Magician's Hat will cast its spell on you!" -- Jeff Kinney, bestselling author of the Diary of a Wimpy Kid series

NEW YORK TIMES bestselling author James Swanson delivers a riveting account of the chase for Abraham Lincoln's assassin. Based on rare archival material, obscure trial manuscripts, and interviews with relatives of the conspirators and the manhunters, CHASING LINCOLN'S KILLER is a fast-paced thriller about the pursuit and capture of John Wilkes Booth: a wild twelve-day chase through the streets of Washington, D.C., across the swamps of Maryland, and into the forests of Virginia.

New York, Los Angeles, and Washington, D.C., have been abandoned. The Bill of Rights has been revoked, and replaced with the Moral Statutes. There are no more police—instead, there are soldiers. There are no more fines for bad behavior—instead, there are arrests, trials, and maybe worse. People who get arrested usually don't come back. Seventeen-year-old Ember Miller is old enough to remember that things weren't always this way. Living with her rebellious single mother, it's hard for her to forget that people weren't always arrested for reading the wrong books or staying out after dark. It's hard to forget that life in the United States used to be different. Ember has perfected the art of keeping a low profile. She knows how to get the things she needs, like food stamps and hand-me-down clothes, and how to pass the random home inspections by the military. Her life is as close to peaceful as circumstances allow. That is, until her mother is arrested for noncompliance with Article 5 of the Moral Statutes. And one of the arresting officers is none other than Chase Jennings...the only boy Ember has ever loved. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
